

Communication

Date	5 July 2026
Team ID	XXXXXX
Project Name	OptiCrop – Smart Agricultural Production Engine
Maximum Marks	1 Mark

Communication Plan:

Effective communication is essential for a successful project demonstration. This document outlines the communication strategy used within the team and with stakeholders throughout the project lifecycle, including how updates, issues, and feedback were managed.

S.No	Communication Type	Frequency	Channel / Tool	Participants	Purpose
1	Team Standup	Daily	Self Planning / Notes	Self	Plan daily project tasks
2	Progress Update	Weekly	GitHub, VS Code	Self, Mentor	Track project progress
3	Issue / Bug Discussion	As Needed	ChatGPT, Google, VS Code	Self	Resolve coding and project issues
4	Stakeholder Review	Bi-Weekly	Mentor Meeting	Student, Mentor	Review project status and receive feedback
5	Final Demo Rehearsal	Once	Laptop, PowerPoint	Self	Practice the final project demonstration
6	Final Project Submission	Once	GitHub, Skill Wallet	Student	Submit the completed project

Communication Challenges & Resolutions:

S.No	Challenge Faced	Resolution / Action Taken
1	Errors while running the Flask application	Debugged the code and fixed the errors using VS Code and ChatGPT guidance

2	Difficulty understanding Machine Learning concepts	Studied documentation and practiced with sample datasets
3	Organizing project files and documentation	Followed the project template and maintained a proper folder structure
