

Project Demo Planning

Date	5 July 2026
Team ID	XXXXXX
Project Name	Opti Crop – Smart Agricultural Production Engine
Maximum Marks	1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction	Introduce the project, objectives, and team details	1	Chitra Hema
2	Problem Statement	Explain the challenges faced by farmers in selecting suitable crops	1	Chitra Hema
3	Solution Overview	Describe the Opti Crop system, architecture, and technologies used	1	Chitra Hema
4	Live Demonstration	Show the web application, enter sample values, and display the crop prediction	2	Chitra Hema
5	Project Benefits	Explain the advantages, future scope, and practical applications	0.5	Chitra Hema
6	Conclusion & Q&A	Summarize the project and answer evaluator questions	0.5	Chitra Hema

Demo Flow Summary:

Step	Activity	Notes
1	Introduction & Problem Statement	Explain the purpose of Opti Crop and the farming problem it addresses.
2	Solution Overview	Briefly explain the Flask application, Machine Learning model, dataset, and workflow.
3	Live Feature Demonstration	Enter soil and weather values, click Predict , and show the recommended crop.

4	Q&A Session	Answer questions about the dataset, model, technologies, and future enhancements.
